Save the Date - PTWW Convention 18

Please mark your calendars for our **18th Biennial Convention**
at the Embassy Suites Hotel in beautiful downtown Omaha, Nebraska
October 8th to 13th, 2025.

Registration will open for the convention on January 1st, 2025.

Photo from [visitomaha.com](https://www.visitomaha.com)

A Special Word of Thanks

As President of PrimeTimers Worldwide and Interim Newsletter Editor, I want to take a moment to say a very special “Thank You” to two men who have faithfully prepared our newsletter for the past six years, Adrian Liau from our Chicago Chapter and Mark Hatten, our newly-elected Treasurer from the Dallas/Fort Worth Chapter.

Adrian needed to take a break from the newsletter for a while to attend to personal issues. We will miss his diligence with the newsletter, but I understand his absence will be short-lived as he will soon return as the PrimeTimers Worldwide Archivist. Thank you so much, Adrian!

Mark will continue to serve on the Board of Directors as Treasurer and will be there, I hope, to offer wise counsel and advice on the newsletter. Thank you, Mark!

David Gunton

Chapter Care Plans for 2024

Over the past several months, Vice-President Charles Koehler and others have been working on ways to better inform, support and serve Chapters throughout our four Regional Time Zones.

We will continue our ongoing contacts with Chapters through email, as well as by Video Conferencing and by phone as needed, with particular attention given to Chapters experiencing

We will also continue to host two annual Regional Chapter Video Meetings which will focus on issues of importance to Chapters, as well as providing opportunities for attendees to interact and share their Chapter's successes and ideas. Invitation reminders and log-in information will be emailed to Chapter Leaders prior to scheduled meeting dates.

In addition, Chapter updates will be presented at all PTWW Board Meetings, keeping Board Members informed about Chapter successes and challenges, and giving them the information and direction that will help to meet the needs of Chapters and their members.

In light of limited funding and staffing, In-Person Chapter Care Visits that have been requested by Chapters will be prioritized in the following order:

1. Chapters of Concern (those struggling with ~18 or fewer members, two or fewer active Board members, facing leadership crisis, etc.)
2. Special requests by Chapter Leadership to address pressing Chapter concerns not solvable by e-mails, phone calls or video meetings
3. Visits to other Chapters "while in the neighborhood" of a scheduled Chapter Visit (i.e. visits to a "cluster" of Chapters)
4. Chapter Development for New Chapter Start-Ups
5. Chapters having significant Anniversary dates ending in a "5" or "0". in a "5" or "0"

For more information about planned Regional Chapter Zoom Meetings and other Chapter Care-related matters, please email your PTWW Vice-President Charles Koehler at

vice-president@primetimersworldwide.org.

Getting Ghosted

One of the most unpleasant things that can happen to us when we are chatting up a potential friend online is to be ghosted. You know, all of a sudden, the person you thought you had a good relationship with, just disappears. No more email, no more texts, just gone! I hate that, don't you?

Unfortunately, at PrimeTimers Worldwide, it happens far too often. It may be that Frank retires from the Board but doesn't tell us and all of a sudden, all our email to Frank comes bouncing back as "unknown". Talk about feeling rejected!

There is something you can do to help us with the problem. Whenever there is a change in the leadership of your local Chapter, please let us know as soon as possible. If you change email providers (e.g. you drop Hotmail for Gmail), please let us know. The day after your annual meeting,

Change is a sign of growth and that's a good thing. But unreported change leaves PTWW in the dark, feeling all alone!

Please, REPORT ALL YOUR CHAPTER CHANGES ASAP. Update your information on our website

<https://theprimetimersww.com/update-chapter-profile/>

President's Podium

I hope everyone had a wonderful holiday season and that you're looking forward to another exciting year "having the time of your lives" with your local Prime Timers Chapter!

At the onset of this new year, I would like to invite you to contemplate the financial standing of PrimeTimers® Worldwide. In October 2009, PTWW held its tenth biennial convention in Toronto, Ontario. During the business meeting of that convention, there was an hour-long debate on whether to increase the annual dues each Chapter pays to PTWW from one dollar (\$1.00) per member per year to two dollars (\$2.00) per member per year. The motion was eventually passed, and the annual dues were increased.

Now, let's consider the buying power of \$2.00 in 2010 and its relevance in our present times. The average cost of groceries in the United States back in 2010 varied based on factors such as location, brand, and the specific item. For instance:

- Milk: A gallon of milk was priced roughly between \$2.50 to \$3.50.
- Bread: A standard loaf ranged from \$1.50 to \$3.00.
- Eggs: A dozen eggs cost approximately \$1.00 to \$2.00.
- Chicken: The price of boneless, skinless chicken breasts was around \$2.50 to \$4.00 per pound.
- Apples: A pound of apples varied between \$1.00 to \$2.00.

If we were to contemplate purchasing these five items at our local supermarket today, the difference in prices would be stark.

The underlying point is that it's crucial for PrimeTimers Worldwide to acknowledge the present-day costs. We cannot sustain the expected level of service from the Board and Admin Team on the existing dues of two dollars per member per year.

Therefore, I propose an increase in the annual membership fee from two dollars per member per year to five dollars per member per year. The revised membership fee translates to roughly ten cents per member per week. Is Prime Timers not worth ten cents?

Per our By-Laws, Section 4.02, sub-section E, "To pay annual dues to the Society, these dues to

[Subscribe](#)[Past Issues](#)[Translate ▼](#)

Society's budget and establishing appropriate dues to support the budget.” To facilitate this vote, an email ballot will be sent to Chapter Presidents in the near future. This change that would take effect only from the dues payable based on each Chapter’s roster of members as of December 31, 2024.

Kindly email your comments to me at president@primetimersworldwide.org or by clicking the button below. Share your thoughts on both the pros and cons, and I will present your comments to the Board for consideration when we deliberate on the increase.

The Next Board Meeting

The Board of Directors of PrimeTimers® Worldwide will meet on **Monday, February 5th, 2024 at 8:00 PM EST/6:00 PM PST**. This meeting will take place via teleconference.

If you have questions or comments for the Board, please email the Secretary by clicking the link below:

secretary@primetimersworldwide.org

A Peek Behind-the-Scenes

Transparency and insider peeks often create a sense of connection and anticipation among readers. It can make the content more relatable and foster a deeper relationship with your audience.

Offering this insider view could enhance the readers' experience. It can help them appreciate the effort and thought put into crafting the publication, drawing attention to the dedication of the team behind **Prime Times**.

While it's not always conventional to reveal behind-the-scenes insights, doing so at the inaugural stage of a new platform can set the stage for an open, honest, and engaging relationship with your readers.

David, Newsletter Editor

Meet the Monkey

[Subscribe](#)[Past Issues](#)[Translate ▼](#)

advancement in our newsletter delivery service. With our commitment to continuous improvement, I am delighted to inform you that our newsletter has transitioned to the MailChimp email marketing platform, effective immediately.

This strategic move is a significant milestone for us, streamlining numerous processes involved in the preparation and distribution of our publication. The adoption of MailChimp technology enables us to leverage automation, drastically

simplifying the entire production workflow.

This transformation not only ensures ease but significantly reduces the time taken for our newsletter's creation.

The upgrade to MailChimp promises a visual revolution for our readers. We're thrilled to share that the content will be presented with enhanced clarity, featuring high-resolution images and other graphical elements. The layout has been carefully designed to offer improved readability, providing a visually engaging and easily digestible format for all our valued subscribers.

This evolution is in direct response to our commitment to enhancing the PrimeTimers Worldwide experience for each of you. We value your readership and are dedicated to providing you with content that is not only informative but also aesthetically pleasing and easily accessible.

Your feedback is immensely valuable to us. As we embark on this new journey, we encourage your thoughts and opinions. Your insights will guide us in further refining our newsletter to cater even more to your preferences and needs.

Thank you for being part of the PrimeTimers Worldwide family. We are excited about this significant upgrade and are confident that it will contribute to an even more enjoyable reading experience for all our esteemed members.

As we embark on our newsletter's new digital journey via MailChimp, I'd like to draw your attention to an important aspect of this transition. The layout and formatting of the MailChimp-based newsletters are optimized for electronic devices, ranging from computers to tablets and even smartphones. This adjustment aims to provide an enhanced reading experience on various screen sizes, ensuring accessibility across multiple platforms.

While the transition offers numerous benefits, it's important to note that the pages might not consistently break or paginate seamlessly, occasionally resulting in article headings starting at the bottom of a previous page. We understand this may present a slight inconvenience; however, as the majority of our esteemed readers utilize electronic devices for accessing our newsletters, we are optimistic that this will not significantly impact your overall reading experience.

The digital platform we've adopted is geared towards flexibility and adaptability. Its primary focus is to provide you with content that's easily accessible across devices. We anticipate that the

[Subscribe](#)[Past Issues](#)[Translate ▼](#)

Your feedback on this matter is highly valued. Your insights help us understand the aspects that matter most to you, enabling us to fine-tune our approach to better suit your preferences and ensure an enjoyable reading experience for all.

Thank you for your understanding and continued support as we strive to evolve our newsletter for the benefit of our community. We are dedicated to delivering content that aligns with your needs and preferences.

Do you print this newsletter?

If you like to make a paper copy of the newsletter, follow these suggestions:

- *View this email in your browser* - In the top right corner, above the “masthead”, there is a link to allow you to view the newsletter in your browser. Click on the link and when the newsletter opens, you will be able to right click and print it. }Warning: This method does not “paginate” with logical breaks.]
- **Website:** Please check our website <https://primetimersww.com> for a .pdf copy

When to Use ®

As you know, PrimeTimers® Worldwide recently registered our name with the US Patent Office.

This registration applies only to PTWW. Whenever you write the full name of PrimeTimers® Worldwide, you should include the registered symbol. (On your keyboard it is ALT + 0174. Hold the ALT key down and type 0174. Note: Not all fonts on your computer may include the symbol, but most do.)

A Chapter of Prime Timers does not need to use the symbol when it lists its own name. If you choose to change the official name of your Chapter, you are welcome to do so. In that case, it would be great if you used “PrimeTimers” all one word followed by the registered symbol.

If you have questions about using the name of PrimeTimers® Worldwide, please contact David by clicking the link below. He will get you a prompt answer to your question.

president@primetimersworldwide.org

News from Around the Chapters

[Subscribe](#)[Past Issues](#)[Translate ▼](#)

With sixteen new members joining this past year, Prime Timers of Central Virginia has enjoyed a busy year. We have been fortunate enough to have had several excellent speakers as well as a packed social calendar.

Our intrepid Daytrippers had four excursions over the course of the year. In January we visited Magnolia Grange, an 1822 plantation home at Chesterfield Courthouse, and Blandford Church, built in 1735 and restored by the Confederate Ladies Association of Petersburg in the late 19th century to include thirteen Tiffany Windows. We also discovered a new (to us) barbecue restaurant, Saucy's, and all agreed that it was some of the best barbecue we had ever tasted!

In March, our group visited the Richmond part of the American Civil War Museum, and everyone came away with a better understanding of the conflict over slavery that divided the country through the 1860s and the following period of Reconstruction.

While in May, we made a return visit to Tuckahoe Plantation (circa 1733), Thomas Jefferson's boyhood home. Everyone marveled at the fine woodwork in the house itself and its beautiful gardens. Afterwards, we enjoyed dining at the Portico Restaurant.

Finally, on July 21, we visited Shirley Plantation, established in 1613, with the house completed by 1738. Again, everyone was awed by the beautiful woodwork, especially the magnificent freestanding stairway, and the original furnishings in the house. Shirley is currently home to the 11th and 12th generations of the Hill-Carter family who have owned the property since the beginning – it is the oldest farm in America continuously operated by the same family!

Our Fine Dining Group has visited three great restaurants over the course of the year, with the annual event at Lemaire being completely sold out. We especially enjoyed our return to Chez Foushee in March and were greatly impressed with the “new” Acacia midtown in June, where we dined on lamb, fillet mignon, scallops, and rockfish. October brought a visit to Burton's Grill and Bar. Although somewhat noisy (it was brand new and popular at the time), the service and food were both excellent.

Songs of Our Lives, a new activity proposed and sponsored by Matt Manion in his home, began its monthly meetings in August. Attendees take turns suggesting a song that has special meaning in their lives. The song is played through the stereo via the Internet, and after listening, the person suggesting the song shares with the group why it's meaningful to them. Hopefully, this will generate lively discussion. We go around the room sharing special songs and their relevance to our lives. At the end of the afternoon, time allowing, we may also have a group sing-along to a popular song or two. Song sharing and singing is optional...coming to just listen is just fine!

Sunday Brunch enjoyed a host of restaurants around town: CanCan, O'Toole's, Lulus, Hobnob, The Hard Shell at Bellgrade, and Papi's RVA. All were met with full approval by their respective attendees.

[Subscribe](#)[Past Issues](#)[Translate ▼](#)

Center on Sunday, October 22. Eight men were our heroes in staffing the event – Matt Manion, Mike Trancynger, David Kinney, Drew Patrick, Hugh McElwain, and Bryant Sherron.

Several members also enjoyed the PrimeTimers Discount at the Robb Moss theater to see several productions from the Richmond Triangle Players: "How Black Mothers Say I Love You", "Log Cabin", "Head Over Heels", "One in Two", and "Scrooge in Rouge".

Then, of course, were our usual monthly activities – Every other Monday night at O'Toole's, every other Thursday at Barcode, and Fourth Fridays Happy Hour at the New York Deli.

All I can say is that it has been quite a busy and successful year. We are well prepared to move forward in 2024!

John Poarch, President

PrimeTimers® of the Desert Welcomes the Palm Springs High Season

Palm Springs is a haven for thousands of tourists, guests and "snowbirds" each year from the frozen northlands and Midwest. Streets are alive again from early November till early May. PToD enjoys our guests and visitors and encourages anyone visiting to join us in our seasonal activities. In fact, why not make Palm Springs a destination for one of your upcoming trips? You will NOT be disappointed!

Palm Spring Mixer - Photo by Alex Meyer

Our recurring activities include our notorious weekly Monday mixer at the renown "Escena" Golf Club. We generally enjoy cocktails with about 250-300 gentlemen, who often then head out on the town for impromptu small group dinners. We also meet every Thursday for a "drop in" breakfast at a local IHOP, with generally about 20 or so pancake fans...waffles or eggs are OK too!

Monthly we produce a Lunch and a prix-fixe Dinner held at various popular restaurants around the Coachella Valley. Attendance at these events range from an average of about 35 at lunch and about 65 for our dinners, with attendance increasing. A monthly book club has been convened by our dear Tom Brown, choosing gay-themed books for discussion and mutual enjoyment. Movie fans will also enjoy our monthly group feature at the Mary Pickford Theater in Cathedral City. Attendees get there early for some popcorn and a "meet-up" and then enjoy a chosen film.

[Subscribe](#)[Past Issues](#)[Translate ▼](#)

PToD Trip to Laughlin, Nevada

And then our special events: What can we say about our pool parties all summer and fall, our potluck dinners, our theater events and our special trips? The December cruise to Hawaii was a sellout. We don't leave out our single members. A special "Singles Mixer" is offered approximately twice each quarter. Statistics show our membership roughly at about 60% couples and 40% singles. PrimeTimers who sing are enjoying our Karaoke Time sing-alongs.

Recently our PrimeTimers beat the fall heat with a bus trip up the nearby mountain to Big Bear Lake where it is much cooler than the desert heat. On that trip, attendees enjoyed mountain sightseeing aboard the Big Bear Queen tour boat. Big Bear Lake is also known for its Oktoberfest, and PrimeTimers were there in force to munch and guzzle. We look forward to our Spring festive bus trip to Laughlin, Nevada casinos on the Colorado River. This is generally a 3 or 4-day trip with lots of time to enjoy gaming, shows, and friendship.

Pride is in early November. We had a booth in the Pride festival and we made hundreds of friends with our giveaway hats and other swag items. Many people in town just for that day or weekend, as well as fulltime locals or "seasonals" now know about us PrimeTimers, and we hope to see them again at one of our upcoming events.

participate in the annual Harvey Milk Diversity breakfast, and other charitable fundraisers for LGBTQ+ causes in our Coachella Valley.

(formerly the Desert AIDS Project's AIDS Walk). Our participants raised nearly \$800 for this event, exceeding our internal goal. We also participate in the annual Harvey Milk Diversity breakfast, and other charitable fundraisers for LGBTQ+ causes in our Coachella Valley.

PrimeTimers of the Desert looks forward to a full season of events. Come join us for a gay old time!

submitted by Gary Dougan

Prime Timers of Central Florida Focus on Alzheimer's at Recent Meeting

At a recent General Meeting of Prime Timers of Central Florida (Orlando), Lindsey Taylor, program manager with the Orlando office of the Alzheimer's Association presented information about Alzheimer's Disease. This national nonprofit works to educate people about Alzheimer's disease and dementia and to provide support for people affected by Alzheimer's. About 60 million people in the United States, including some 20,000 in Orange County alone, are dealing with Alzheimer's. Lindsey said one in 10 people aged 60 and older have Alzheimer's while 1 in three over the age of 80 are affected.

[Subscribe](#)[Past Issues](#)[Translate ▼](#)

Black Americans are twice as likely to have Alzheimer's than white people; Hispanic Americans are one and a half times more likely. Two-thirds of all Alzheimer's patients are women because women live longer than men. Lindsey said Alzheimer's disease and dementia are often used interchangeably when in fact Alzheimer's is only one form of dementia.

Age is the greatest risk factor for developing Alzheimer's, but certain lifestyle factors also contribute to the risk. It is important as you age to keep up a cardiovascular exercise routine, avoid smoking, eat a healthy diet (particularly a mix of the Mediterranean and low-sodium Dash diets), reduce the consumption of red meat, protect your head if you are prone to falling and staying socially engaged (avoid being alone 24/7 365 days a year). Memory loss that affects a person's daily living is a major warning sign. If a person starts having symptoms of memory loss they should go to their doctor or a testing facility. The earlier Alzheimer's is detected, the easier it is to get help. Medications are now becoming available.

(from PTCF Newsletter)

Prime Timers St. Louis (Missouri)

Our PTSL Holiday Potluck Banquet was a great success! Special Thanks to John Sweet for hosting our event at his foundation building again this year. I'd like to thank Bill Young for leading our effort to organize this banquet. Dave Turner, Sam Edwards, and Keith Raibley provided the main courses as fifty-two of you showed your support for each other by bringing all the salads, desserts, and side dishes. We honored members Randy Martin, Keith Raibley, and Bob Brinkman with the highest honour that PTSL can give to an individual, the President's Award, for outstanding service to the organization.

Save April 8, 2024, to join Ed Eakins at his home in Cape Girardeau, MO for a total Eclipse of the Sun! Ed is planning to serve lunch at 11:45 am, with total darkness beginning at 1:58 pm. See all the details on our website at primetimersstl.org, the first page. It is a 90-minute drive. I am not missing it!

We are inviting members of Black Pride St. Louis, PTKC, PTMM, Larry Wilman group, and Dudes, Dining, and Destinations to our events for the first time this year. We believe these groups can complement what we do. We need not fear competition with these groups. We can be members of several groups. In that spirit of working together and not competing, we will be inviting these other organizations to our events and in some cases, we will be coordinating events with them.

We are building the Member Support Team: I have made a list of volunteers who are interested in stepping up to help in case of an emergency vacancy in the leadership team. The list was published in the December issue of our Chapter newsletter. The whole point of our organization is to have fun, make friends and build closer relationships with each other in this private club and community that we call PTSL, and in the greater LGBTQ community of St. Louis. Thank you all for making it such a wonderful year with your participation and involvement in the organization.

Santa Came to Town Early in Atlanta

Atlanta Prime Timers really showed out this year for our annual Holiday Party. Almost 100 attendees enjoyed an afternoon of socializing along with a complimentary catered dinner of turkey and ham with all the fixin's plus desserts.

Our campaign for Toys for Tots brought 2 new bikes and boxes of toys for the children. Our President delivered a message of highlights from the year including a summary of the PTWW bi-annual convention in Florida. The designation of Emeritus Status to a founding member from 1989. Also, all 2023 event hosts and board members were given public recognition for all they have done in 2023 to enrich the social life of our membership. We hosted 265 social events in 2023 and look forward to a great 2024 with an engaged membership.

Our Membership Director with his top hat and seasonal jacket had the guys laughing as he raffled door prizes and auctioned off donated items from the membership. Santa even made a visit to spread cheer and joy amongst the crowd.

Atlanta Prime Timers wishes you a Happy New Year and a Prosperous 2024. If you happen to be in the Atlanta area, be sure to come visit...check out our web site, atlantaprimetimers.com, for current events. Happy New Year!

Seasonal Holiday Lunch & AGM, Dec. 09, 2023

25 Years of Prime Timers - Columbus

[Subscribe](#)

[Past Issues](#)

[Translate ▼](#)

The Columbus Ohio Prime Timers has capped off their 25th anniversary year with a fun filled Holiday Celebration. It has been an exciting year with the addition of new activities like our monthly hiking series, a sternwheeler cruise on the Muskingum River, and a celebration bash in May. It has been a year of not only new activities but also an increase in membership that typifies the purpose of Prime Timers as “enriching the lives of gay, bisexual and trans men.”

The Holiday Celebration saw 45 members and guests come together for an evening of good food, the completion of our Secret Santa service project for 20 individuals in LGBT+ families in conjunction with Stonewall Columbus, and an ugly holiday sweater contest.

A high light was also the presentation of the John L. Bell Outstand Service Award to our special events chair for so many years, Mike Legendre. As we prepare for the new year, we will be launching a new user-friendly website and continuing to develop more enriching activities.

**Article & Photos By
Rich Horton, President, Columbus Ohio Prime Timers**

“Having the Time of Our Lives!”

What a year for the Tucson Chapter – our membership has literally doubled! We have expanded our programs to include a variety of event opportunities for our members. Wednesday lunches, the theatre group, and our bowling gang have proven most popular. We have had some fun picnics, pool parties, a car show, and museum trips to round out the year. The Book Club is undergoing a restructuring. And a dinner gang is getting off the ground. There will be an annual all-member event early in the new year. We are also having discussions with our northern neighbors in Phoenix for potential joint happenings – watch out Casa Grande! (For non-Arizonans, a small city halfway between Tucson & Phoenix.)

Our president and first gentleman attended the PTWW Conference and came back with many ideas. A member, who is a graphic designer, presented the Board with some new ideas for our logo – to make it say TUCSON! The Board has also met with a lawyer to help with mundane things, such as non-profit status, insurance, and by-law revision. Boring perhaps, but all necessary as we continue to grow.

Stephen Stillwell
Board Member

Newsletter Submission Date

Thank you to all the Chapters who submitted articles for **Prime Times**. I hope we can count on your continued support in the future.

We welcome submissions from our Chapters showcasing your accomplishments, event highlights, and captivating photographs for our newsletter. To ensure inclusion, please submit your material by the **15th of the month preceding publication**. We greatly appreciate photographs in .jpg, .png, or gif formats, along with the photographer's name for proper credit. Please ensure consent for publication from all individuals featured in the photos. One other favour? Would you please put include your Chapter name when you name your photos and article? That would be very helpful.

For assistance or any queries regarding submissions, please reach out to our Interim Newsletter Editor. Your contributions are invaluable in creating the best possible **Prime Times** newsletter.

Thank you for your continuous dedication to PrimeTimers Worldwide. Let's continue building a stronger, more connected community together.
